TO OUR GUESTS – THANK YOU

I would like to take this opportunity to thank each and every one of our guests for choosing to make Totem Resorts their vacation destination. It truly means a lot to our family! Our family has been here at Totem Resorts for 50 years now 1978-2028! Something we are extremely proud of!

I started with my father in 1978 who suffered a heart attack in March 1979 and he was not physically able to continue on with me. It has also been great for me to raise my three children Eric Jr, Stephanie and Dustin and to also watch my four grandchildren grow up here as well! Addison, Reeder, Rush and Kali.

It has really been great for us to see so many familiar faces. Our moto is that we never care what it costs to take care of a guest, but we do care what it costs if we do not!

Whether you stay with us annually, have returned after time away, or if you are a first time guest, we truly appreciate you including Totem Resorts as part of your vacation destination. With so many guests and corporate groups returning each season, we take pride in our 90% return rate and thank our many guests for their continued loyalty and patronage. We also take pride that 85% of our staff choose to come back every year, which we feel that in itself such a lot for our business.

We believe that the key to our success lies in striving for a level of quality and service that not only meets but exceeds our guests' every expectation. We always try to put a tremendous amount of money back each year into our operations to make them all better and better every year. We have a full staff at each of our lodges dedicated to making every aspect of your trip absolutely perfect. From our guests services staff, dock hands, professional guides, world class chefs and service teams — we've got you covered!

Our goal has always been to make Totem Resorts exclusive, comfortable and affordable to all our guests, and our all inclusive rates do just that. We've never claimed to be the cheapest lodge around, nor are we the most expensive — however we do pride ourselves on being the absolute best!

We have the best professional fishing guides, boats and motors, our world famous shore lunches, gourmet chefs, 5-star accommodations and services — not to mention world class fresh water fishing. With custom built packages to suit any need and budget — we've got a package for everyone.

As a father who took the Lodge over 50+ years ago from my own father — I'm proud beyond what words can express to have my own family active in so many roles within our 5 locations over the years. It's really a dream come true for me to have the unique opportunity to work together, strive towards goals together and share in our successes together. I very much look forward to having my grandchildren involved once they're grown and keep the Brown Family Tradition alive for four generations! I am very honored that we are one of only a handful of lodges in Canada whose family has been here for 50+ years. We look forward to seeing you on the docks!
